
WELCOME!

Omaha Magical Society | Society of American Magicians Assembly #7

Monthly Meetings

On the third Monday night of the month, we meet at the Southwest Church Of Christ (2660 S. 124th Street in Omaha) from 7:00 - 8:30 PM for a themed meeting of magic - performing and teaching. Visit our website to learn of the themes for upcoming meetings.

Interest Groups

In addition to the monthly meetings, some members participate in Interest Groups (online or in-person) organized around a particular magic topic (i.e. coins, cards, mentalism, magic history, The Society of Young Magicians, magic collecting, etc.). New groups are starting regularly based on common interests among the members. Resources for use in the group are provided by both the members and the club.

Orientation

Although required for membership, attending this hour-long orientation does not obligate one to join the club.

A little bit about us . . .

We're a group of people in the Omaha area who enjoy The Art Of Magic. Some of us enjoy performing, some collecting, and some watching. Some prefer close-up, some platform, or stage. We meet together to network with others of like interests - pooling our resources for the benefit of all.

We're glad you visited us and hope this flier helps you get to know us better and aids you in determining whether or not there's any aspect of what we do that might be of interest to you.

Our Library

Every member receives a catalog of the club's 1000+ volume library of books and DVD's.

While searching for a permanent home for this library, books and DVD's can be obtained by contacting the club librarian and having him/her bring what you want to borrow to the next monthly meeting.

Our Online Video Library

Membership in the Omaha Magical Society gains you access to this password protected website with videos by members teaching their proven magic routines at all different skill levels and for a diversity of performing situations.

Guest Lectures

Regularly scheduled lectures by presenters with international recognition in their areas of expertise occur throughout the year.

Monthly Newsletter

Distributed to all members monthly, **The Flashpaper** keeps us all up-to-date on the latest club happenings and upcoming events (and always includes a magic trick or two).

Society Of American Magicians

Affiliated with the Society Of American Magicians (<http://MagicSAM.com>) all OMS members are encouraged to join the national organization - receiving the monthly MUM Magazine, website resources, Society of Young Magicians, and attendance at the annual international convention.

How To Join

Membership in the Omaha Magical Society is currently \$20 annually and can be paid at any of our monthly meetings..
